INTRODUCTION

Welcome to our Crime Reporting Website, a vigilant platform dedicated to keeping your community safe. Our mission is to empower every individual with the tools to stay informed and take an active role in preventing and addressing local crime. Receive real-time crime alerts straight to your inbox and devices, ensuring you're always aware of incidents in your vicinity. What sets us apart is the ability to contribute firsthand accounts of incidents, complete with images, allowing for a comprehensive and accurate representation. By uniting technology and community engagement, we strive to create a secure environment where residents are informed, connected, and proactive. Join us in building a safer tomorrow, one alert and report at a time.

FUNCTIONALITIES OF WEBSITE ALONG WITH SCREENSHOTS

- **User Registration & Authentication:** User can register on website to post and subscribe to get regular crime updates in their locality. User can update their profile which will enable them to change current location.

- **Create Crime Articles:** Empower community members to share firsthand accounts of incidents alerting nearby users. Post can be comprised of crime location, time, images, etc. Users can go anonymous also to maintain privacy.

- **Read Articles:** Any one can access website and checkout various crime articles and get information about the crime.
